

Custom Made Ceiling

The image shows a close-up, low-angle view of a modern ceiling. On the left, a long, narrow, recessed lighting fixture with multiple small lights is visible. The ceiling is composed of large, light-colored panels. A dark, curved architectural element, possibly a beam or a decorative piece, runs across the middle of the frame. The overall aesthetic is clean and contemporary.

Custom Made Ceiling

Custom Made Ceiling

The system is concealed ceiling clip-in panels. Specially designed for ceiling and cladding in combination with clip-in rasters and custom panels. With bandraaster and other special profiles.
